Year	2023	Displacement	10597 kg
Location	BODRUM	Engine	YANMAR
Price	335.000€	Accommodation	4 Cabin

BROKER'S COMMENT: Enters the realm of large cruisers and offers an unprecedented balance of elegance

DESCRIPTION:

The Oceanis 46.1 enters the realm of large cruisers and offers an unprecedented balance of elegance, available space and performance. Giving her high seaworthy qualities, her raised hull frees up exceptional interior volumes. A multitude of clever and customizable configurations guarantee easy navigation with the most seductive comfort. In addition to the seaworthy performance and large volumes that characterise it, this architecture allows for maximum use of the cockpit beam. Safety and ease of use are favoured by a highly efficient deck plan. The furling mast, the self-tacking jib and the set of halyards and sheets carried on a single winch at each steering position facilitate manoeuvres with a reduced crew. With its 1-metre-long mast, its 28% increased sail area, top-of-the-range Harken hardware and its deep keel with lead bulb for reduced drag, the First Line version of the Oceanis 46.1 promises unprecedented cruising sensations.

DESIGN

Builder:	BÉNETEAU
Designer:	Nauta Design
Design Notes:	NAVAL ARCHITECT: Pascal CONQ INTERIOR DESIGN: Nauta Design DECK DESIGN: Nauta Design
