BROKER'S COMMENT:

Excellent Condition | Fully Equipped | Race-Ready

DESCRIPTION:

The **MAT1220** presented here is a superb example of one of the most competitive modern offshore racer-cruisers on the market today. Maintained to an exceptionally high standard and continuously upgraded by experienced owners, the yacht is offered in truly excellent condition and fully prepared for immediate racing.

Designed for serious performance sailing, this MAT1220 has been professionally optimized with a strong focus on reliability, speed, and race efficiency. Significant investment has been made over the years in maintenance, technical improvements, and premium equipment, ensuring that the boat remains both highly competitive and turnkey ready for her next campaign.

This is an ideal opportunity for a new owner or racing team looking to acquire a proven and fully equipped platform capable of competing successfully at the highest level in both offshore and inshore racing circuits.

Highlights include:

- Extensive sail inventory including premium North Sails 3Di sails together with dedicated offshore sail configurations.
- Top-level standing and running rigging, combined with high-end deck hardware from leading performance sailing manufacturers.
- Advanced B&G electronics package with comprehensive navigation, performance, and instrument systems.
- Complete offshore safety inventory meeting current offshore racing compliance requirements.
- Continuous program of upgrades, replacements, and recent improvements carried out throughout the yacht and onboard systems.

Whether targeting major offshore events, ORC competition, or demanding inshore regattas, this MAT1220 combines performance, preparation, and reliability in a package ready to deliver immediate competitive results.
