BROKER'S COMMENT:

TITAN III "WHERE SPACE MEETS FREEDOM"

DESCRIPTION:

A new dimension of space, comfort, and freedom.

The **TITAN III** represents the ultimate expression of the BALI Open Space concept: a state-of-the-art catamaran combining contemporary design, extraordinary interior and exterior volumes, high-end comfort, and a sailing experience designed for limitless enjoyment of the sea.

With its generous dimensions and a layout specifically conceived to maximize every square meter, the BALI 4.6 Open Space offers an exceptional onboard experience, whether under sail or at anchor.

Its signature Open Space configuration creates a spectacular seamless flow between the saloon, cockpit, and outdoor area, transforming the entire vessel into a vast social space open to the sea. The expansive deck area allows for a variety of settings, while the interiors offer the level of comfort and privacy expected of a true luxury catamaran.

The BALI 4.6 Open Space TITAN III, represents one of the most complete and attractive configurations within the BALI range.

A catamaran designed to offer a high-level navigation and life on board experience, combining large interior and exterior volumes, comfort, autonomy and a complete equipment package.

BALI DESIGN: MORE SPACE, MORE FREEDOM

The BALI Open Space concept breaks with the traditional distribution of catamarans and creates a fluid connection between living room, kitchen, cockpit and deck

TITAN III An exceptionally well-equipped vessel, designed for enjoying the Mediterranean with the highest level of comfort, autonomy, and freedom.

TITAN III is a 2025 BALI 4.6 Open Space that stands out for its comprehensive configuration, specifically designed to offer a premium sailing experience.

Its extraordinary use of space, combined with a 4-cabin, 3-head layout, provides an exceptional blend of livability, privacy, and the capacity to enjoy extended stays on board.

TITAN III is not simply a large catamaran; it is a sailing concept based on space, comfort, and freedom.

A modern, exclusive vessel designed for enjoying the Mediterranean at the highest level.

A CATAMARAN DESIGNED FOR ENJOYMENT

- On board TITAN III, every area has been conceived as a space for enjoyment:
- Spacious outdoor areas for relaxing and sunbathing.
- Large cockpit and social areas.
- Bright, panoramic saloon.
- Seamless flow between indoor and outdoor spaces.
- Generous living areas.
- Layout focused on comfort and life on board.
- Contemporary design and high-end finishes.
- Ample capacity for hosting guests and enjoying time at anchor.

Features:

- Generator: 10 kW/230 V, soundproofed and with remote control.
- The TITAN III features a sail and rigging configuration that is particularly appealing to those who want to truly enjoy the catamaran's performance.
- It is equipped with a fully battened Dacron square-top mainsail, a Solent jib, an 80 m2 tri-radial Code 0 with an anti-torsion cable, and an asymmetric spinnaker with a sock, along with the complete dedicated rigging for the Code 0.
- Raymarine electronics
- Premium outdoor areas
- The TITAN III comes with a 3.80m tender powered by a 20 HP Honda outboard, as well as safety equipment for 12 people and a 12-person life raft.
- The unit is equipped with two 57 hp Yanmar 4JH57 engines.

All of this makes TITAN III a particularly attractive proposition for both high-end private use and premium charter projects, as its capacity, equipment, range, and variety of spaces allow for a distinctive onboard experience.

DESIGN

Builder: BALI Catamarans - Catana Group

Designer: Olivier Poncin / Xavier Fay

Design Notes:

BALI DESIGN: MORE SPACE, MORE FREEDOM

The BALI Open Space concept breaks with traditional catamaran layouts, creating a seamless connection between the saloon, galley, cockpit, and deck.

The large, electrically assisted tilting aft door allows the saloon to merge with the cockpit, creating a truly unified social space. Complementing this are the spacious forward cockpit and the flybridge, offering distinct, independent areas for sailing, relaxing, dining, or enjoying time at anchor.

The hardtop featuring Plexiglas panels and LED lighting along with full exterior upholstery, forward sunbeds, flybridge furnishings, and various shaded areas, transforms the deck into a genuine extension of the living space.

- **Designer: Olivier Poncin / Xavier Fay**
- **Builder: BALI Catamarans - Catana Group**
- **Conception: Olivier Poncin**
- **Manufacturer: Chantier CATANA**
- **Naval architect: Xavier Fay**
- **Interior designer: PIATON BERCO**

The BALI 4.6 embodies the BALI Catamarans design philosophy, which focuses on maximizing living space, natural light, and the connection between indoor and outdoor areas. Its signature "Open Space" concept integrates the saloon and cockpit via a large tilting aft door, creating a seamless, sheltered area for socializing.

Its wide-beam catamaran design--measuring 13.45 m in length and 7.65 m in beam--provides exceptional usable space, multiple relaxation areas, and a layout specifically designed for comfort and life on board.

Built in 2025, *TITAN III* is a 2026 model featuring a 4-cabin, 3-head configuration, complemented by a particularly comprehensive equipment package.

DIMENSIONS

LOA:	13.45 m
Beam:	7.65 m
Draft:	2.80 m
Displacement:	20673 kg

Dimension Notes:

- Length overall: 13.45 m
- Beam: 7.65 m
- Registered depth: 2.80 m
- Gross tonnage: 26.52
- Net tonnage: 26.52

ENGINES

Engines:	2 x 57 hp Yanmar 4JH57
Cruising Speed:	6 kn

Notes:

- 2 x 57 hp Yanmar 4JH57 diesel engines; registered power of 41.9 kW per engine.
- 1 x Pair of three-blade folding propellers.
- 1 x Engine room hatches and lockers with gas-strut assistance.
- 1 x Hull preparation with two coats of antifouling over epoxy primer.

TANKS

Fuel:	800 l
Water:	860 l
Notes:	• 1 Additional 400 L fuel tank; total stated capacity of 800 L. • 1 Additional 400 L fresh water tank; total stated capacity of 860 L. • 1 Aquabase watermaker (230 V, 240 L/h); requires generator. • 1 Seawater pump for galley and deck. • 1 Cockpit shower with hot and cold water.

GALLEY

Hot water:	YES
Refrigerator:	YES
Water system:	YES
Notes:	**The galley is another of this unit's strong points.** A standout feature is the 635-liter residential-style fridge-freezer, equipped with a cold water dispenser and ice maker, alongside: • Samsung microwave. • Four-burner cooktop. • Large-capacity gas oven. • Integrated washer-dryer. • Built-in bar in the saloon table. • Outdoor grill. **This configuration is particularly appealing to those seeking a catamaran equipped for extended stays on board and independent cruising.** • 1 635L domestic fridge-freezer with cold water dispenser, ice maker, and dedicated 230V inverter. • 1 230V Samsung microwave (installation shown in video). • 1 Four-burner glass cooktop. • 1 Large-capacity gas oven (replacing the standard-size model). • 1 Cooktop pot holder. • 1 Integrated 230V washer-dryer (6kg wash / 1.5kg dry capacity). • 1 Integrated bar in the saloon table with a reversible tray.

- 1 Outdoor gas griddle.

NAVIGATION INSTRUMENTS

Electronics:	RAYMARINE
GPS:	YES
VHF:	YES
Automatic pilot:	YES
Compass:	YES
Plotter:	YES
Radar:	YES

Notes:

- 1 Raymarine electronics package with p70s autopilot.
- 1 Raymarine Axiom 7-inch GPS chartplotter.
- 1 Raymarine i70s multifunction instrument.
- 1 Raymarine Axiom 12-inch touchscreen display at the helm.
- 1 AIS transceiver unit.
- 1 Raymarine RayMic microphone at the helm.
- 1 Raymarine radar with mount.
- 1 Camera installed under the port spreader.
- 1 Raymarine remote control for the autopilot.
- 1 Backup VHF antenna at the masthead.
- 1 Compass calibrated for the Southern Hemisphere.
- 1 Fusion audio system with Bluetooth and 6 speakers distributed across the saloon, flybridge, and bow cockpit.
- 1 LED TV in the saloon with electric lift and TV antenna.

SPARS & RIGGING

Sails:

- 1 Reinforced Dacron square-top mainsail, fully battened, with dedicated hardware.
- 1 Solent jib with UV protection, sheets, and associated rigging.
- 1 Lazy bag and lazy jacks; Elvstrom Sails sail bag (as seen in the video).
- 1 80 m2 triradial Code 0 with anti-torsion cable.
- 1 Asymmetric spinnaker with snuffer sock.

Rigging:	YES
Mast:	ALUMINIUM
Boom:	ALUMINIUM
Furling system:	Furler for Code 0 with anti-torsion cable
Running Rigging:	YES
Spars and Rigging Notes:	• 1 Complete Code 0 rigging package: bowsprit, furler, halyard, guys, blocks, and deck hardware. • 1 Electric mainsail winch. • 2 Electric headsail winches. • 1 Electric Solent winch. • 1 1,500 W electric anchor windlass. • 1 Windlass remote control with chain counter at the helm station. • Running Rigging: Mainsail and headsail control lines; halyards, sheets, and specific Code 0 rigging.

ELECTRICAL

Batteries:	2 Additional 12 V, 130 Ah
Battery Charger:	80 A battery charger combined with a 2,000 VA, 12 V (or 24 V) / 230 V inverter.
Generator:	NANNI 10 kW, 50 Hz, 230 V
Notes:	• 1 80 A battery charger combined with a 2,000 VA, 12 V (or 24 V) / 230 V inverter. • 2 Additional 12 V, 130 Ah service batteries. • 1 Battery monitor and controller; BALI monitoring display • 2 Additional 12 V, 125 A alternators. • 1 10 kW, 50 Hz, 230 V generator with soundproofing and remote control. • 1 Solar kit comprising five 110 W panels; specifications state a total output of 500 W. • 1 Main electrical panel and distribution panels • 1 Mastervolt electrical selector/cut-off switch for the engine system • 1 Indirect lighting in cabins. • 1 Courtesy lighting in the forward cockpit and on the transom.

- 1 Dimmable ambient lighting in the saloon (included in the Elegance Pack).
- GENERATOR: NANNI

SAFETY

CE Registration: A : 12 / B : 16 / C : 24 / D : 38 persons

Liferaft: 1 x 12 people

Notes:

Safety

- 1 Safety kit for 12 people.
- 1 Liferaft for 12 people (specifically noted as not including an EPIRB).
- 12 Life jackets with harnesses and 1.85m safety tethers featuring double carabiners (part of the 12-person kit).

- 1 Bag containing safety gear and portable equipment (observed in the lockers shown in the video).

Dinghy

- 1 3.80m dinghy.
- 1 20 HP Honda outboard motor.

CONSTRUCTION

Keel: Twin fixed keels

Notes:

- **Keel type: Twin fixed keels / Twin hulls**
- **Configuration: Twin shallow-draft keels**
- **Keel:** Fixed keels, one for each hull.

Twin fixed keels designed to provide stability, directional control and efficient performance while maintaining the shallow draft and cruising versatility characteristic of the BALI 4.6.

ACCOMMODATIONS

Cabins number:	4
Shower:	YES
Air conditioning:	YES
Heating:	YES

Notes:

The interior stands out for its brightness, spaciousness, and accommodation capacity.

The 4-cabin, 3-head layout complemented by elastomer-suspension bed bases, blackout blinds, mosquito screens, and ample storage makes the vessel suitable for both private cruising and extended holiday charters.

The Elegance Pack offers a superior level of finish and comfort, featuring indirect lighting, upholstered headboards, reading lights, a convertible saloon table, an integrated bar, and club chairs with a minibar.

- 1 Four-cabin layout: one to starboard and three to port, with three heads.
- 1 Port-side forepeak fitted out with a shower and toilet.
- 1 Starboard-side forepeak fitted out with a mattress, blackout curtain, and porthole.
- 4 Electric freshwater toilets (large model); quantity as specified in the specifications.

AIR CONDITIONING

- 230 V / 50 Hz reversible-cycle air conditioning in the hulls, adapted for the four-cabin version.
- 230 V / 50 Hz reversible-cycle air conditioning in the saloon.
- Fans: one per cabin, saloon, and forepeak, depending on the chosen configuration.
- Tilting forward windows with an open-position lock.

EXTRA NOTES

TV:	YES
Speakers Cockpit:	YES
Cockpit Shower:	YES
Swimming ladder:	YES

Extra Notes:

- 1 Fusion audio system with Bluetooth and 6 speakers distributed across the saloon, flybridge, and bow cockpit.
- 1 LED TV in the saloon with electric lift and TV antenna.
- 1 Safe.
- 1 Bed bases with elastomer suspension in the cabins.
- 1 Blackout pleated blinds for plexiglass windows, portholes, and aft cabin entrances.
- 1 Mosquito screens for the portholes.
- 1 Light wood interior finish with cupboards, drawers, and ample storage space, as shown in the video.
- 1 Padded bedheads and bed surrounds with indirect lighting.
- 1 Chrome wall sconces and reading lights.
- 1 Magazine pockets in the master suite and comfort accessories in the bathrooms.
- 1 Reading light at the chart table and folding seat for the chart table.
- 1 Saloon table with bar and solid wood trim.
- 1 Saloon table convertible into a coffee table via two telescopic legs.
- 2 Club chairs and minibar replacing the chaise longue.
- 5 Folding seats for use in the saloon or cockpit.
- 1 Upholstered saloon seating with armrests.
- 1 Flagpole and mount.
- 1 Interior and exterior upholstery in Papyrus color.

Deck, cockpits, and flybridge

- 1 Hardtop with Plexiglas panels and LED lighting.
- 1 Fixed table in the forward cockpit.
- 1 Helm station cushions: seat and backrest.
- 1 Forward cockpit cushions: seats and backrests.
- 1 Aft bench cushions: seats and backrests.
- 1 Complete flybridge upholstery: seats and backrests.
- 1 Flybridge table with telescopic leg.
- 1 Flybridge enclosure kit in clear PVC and canvas.
- 1 Sun awning for the forward cockpit.
- 1 Aft sun awning in Taupe color.
- 1 Exterior sun protection curtains for the saloon in black Batyline fabric.
- 1 Set of protective covers for the helm console.
- 1 Set of folding sun loungers for the foredeck.

- 1 Flybridge sunbed cushions with backrests.
- 4 Large comfort cushions.

Platforms, access, and exterior equipment

- 1 Natural wood decking/grating on the aft platform, aft cockpit, and transom.
- 1 Natural wood decking/grating in the bow cockpit.
- 1 Natural wood decking/grating on the flybridge and its access steps.
- 1 Perimeter protection for the aft skirts and rear platform.
- 1 Aft spring cleats.
- 1 2.60 m folding composite gangway with stanchions, storage bag, and deck socket.
- 1 Electric davit.
- 1 Dinghy lifting system.
- 1 Easy-access swim ladder with handrails and wide, teak-finished steps.
- 1 Saloon door/hatch with electric assist via hydraulic cylinders.
- 1 Platform and spacious aft storage areas as shown in the video.
